COMPANY PROFILE

- Santa Monica CA HQ
- In business 25 years
- Team of 8 search consultants
- 80% of our executive searches is for private equity holdings in the lower to middle market
- Nationwide scope

Since we are private equity focused our financial candidates are screened to have current or previous experience working for a private equity or venture capital holding. They have experience with working with lenders, rigorous reporting demands, M&A rollups, KPI's, implementing technology, establishing controls, budgets, metrics, consolidations, forecasting, and the professionalization of a growing business that many PE firms require. Our operations and sales candidates are screened for demonstrating success in growing lower to middle market companies.
